Chapter 3

The Pure Language of God

The language of God is a divine language composed of numbers which do not change, and are infinite, just as God is. In some miraculous way, beyond the comprehension of man, the two languages in which the Holy Scripture was initially written developed in such a way that the numerical value of the words in each language confirms truth. This could only have occurred by the involvement of God in the lives of men. As noted previously, in the prophetic book of Zephaniah, as part of the prophecy concerning a time of the Lord's anger and judgment, God says that He will give a pure language: *For then will I turn to the people a pure language, that they may all call upon the name of the Lord, to serve him with one consent.* Zephaniah 3: 9. If one adds the Hebrew words for "Word of God" to a portion of this verse we have:

I will turn to the people a pure language, the Word of God = הפך אל עם ברר שפה = דבר אלהים = $86 + 206 + 385 + 402 + 110 + 31 + 105 = 1325$.

Now, see what is revealed by a sentence using Greek root words which total the same numerical value.

The pure language of God = Καθαρος διάλεκτος Θεός = $401 + 640 + 284 = 1325$.

To whom did God promise to reveal the pure language? God was speaking to His chosen people, the nation of Israel. The pure language first became apparent in the Hebrew language. Gematria proves this to be true.

God shall turn to the people of Israel = אלהים הפך אל עם ישראל = $541 + 110 + 31 + 105 + 86 = 873$.

The pure language of God = ברר שפה אלהים = $86 + 385 + 402 = 873$.

The Word of God, the pure language that was promised so that all may call upon the name of the Lord, and to serve Him with one consent, is a language based upon numbers. The secret of the God's pure language is now being revealed.

The hidden pure language shall be revealed = טמן ברר שפה גלה = $38 + 385 + 402 + 99 = 924$.

The language of God = Διάλεκτος Θεός = $640 + 284 = 924$.

What is the pure language of God? It is a language of numbers, proven by the equivalent numerical value of the following.

Language of God = שפה אלמים = $86 + 385 = 471$.

Saith numbers = נאח מספר = $380 + 91 = 471$.

The expanded definition of the Hebrew word for “saith,” makes the association even more clear. According to Strong’s it means – **utterance, declaration (of prophet or preceding a divine name), revelation (of a prophet in an ecstatic state)**. The relationship of words which have the same numerical value as statements or phrases regarding the pure language consistently confirm the nature of God’s language.

This is not the only gematria evidence that the language of God is that of the numerical value of words. It is also proven with Greek words.

The number of words = Ὁ ἀριθμὸς λόγος = 70 + 430 + 373 = **873**.

The pure language of God = שְׁפָה אֱלֹהִים בְּרַר = 86 + 385 + 402 = **873**.

It was God’s plan from the beginning to give understanding of His pure language.

Understanding of the pure language of God shall be given = בִּינָה בְרַר שְׁפָה אֱלֹהִים נָתַן = 500 + 86 + 385 + 402 + 67 = **1440**.

One Greek word with the gematria value of **1440** confirms the truth of this statement. The word is σοφους which has the definition of: **wise, skilled in letters** (of Greek philosophers, of Jewish theologians, of Christian teachers). Is this word not exactly what is meant by understanding of the pure language of God being given? Now consider the following phrase.

Understanding of the pure language of God = בִּינָה בְרַר שְׁפָה אֱלֹהִים = 86 + 385 + 402 + 67 = **940**.

For the value of **940** there is also a Greek word which is consistent with the phrase that gives this value. The word is διδασκαλους and the word means: **Master (Jesus), a teacher, one who teaches concerning the things of God, one who is fitted to teach**. Understanding of the pure language of God makes one fit to teach the truth of Scripture. One other meaning of this word is “**doctor**,” my profession, and the understanding of the language of God has been revealed to me.

If one deletes the word “God” from the last example, then the value for “**understanding the pure language**” is **854**. There are two Greek words of this numerical value which are of significance. The first is an alternate spelling for the word for book, βιβλωι, the word from which **Bible** is derived. The second is υπογραμμον which means: example, **a writing copy including all the letters of the alphabet given to beginners as an aid to draw them**. Once again the association of words with the same value as the phrase is undeniable. Lacking knowledge in the languages of the Bible, I have been given understanding of the pure language in its simplest form, just as a beginner given instruction in the Greek language. Understanding of the pure language is being revealed.

The way of understanding the pure language of God shall be revealed = דֶּרֶךְ בִּינָה בְרַר שְׁפָה אֱלֹהִים גְּלָה = 38 + 86 + 385 + 402 + 67 + 224 = **1202**.

When I combined the words for this statement I had no idea what the value would be or what words might be found. There are two Hebrew words with a value of **1202** which should convince even the most skeptical of the perfection of numbers in the language of God. Those

words are: תתברר which means "PURE," and שפתותיו, which means "lip, LANGUAGE, speech." A slightly different statement of a similar nature has essentially the same result.

The way of understanding the words of the pure language = דרך בינה דבר ברר שפה = $385 + 402 + 206 + 67 + 224 = 1284$.

A Greek word with the value of **1284** is γλωσσων which means "tongue, LANGUAGE or DIALECT used by a particular people distinct from that of other nations." As before, this numerical value and the word associated with it was identified completely at random.

If anyone remains skeptical, then the next few gematria findings should be more convincing. Not only is there proof through the numerical value of words that God will reveal His pure language, there is also proof as to when it was ordained to occur. The revelation which I received in regard to gematria as the way to prove the truth of the Bible occurred in the year 2008.

Pure language of God in the year two thousand eight = ברר שפה אלהים שנה שנים אלף = שמנה = $395 + 111 + 400 + 355 + 86 + 385 + 402 = 2134$.

Two thousand eight = δισχιλιοι ὀκτώ = $944 + 1190 = 2134$.

It is my firm belief that the Holy Spirit has come to me following my prayer for enlightenment to reveal the secret of the language of God. By using a different root word which means "understanding" than what was used before this can be proven.

The appointed time the Holy Spirit shall come to reveal understanding of the pure language of God = מועד קדש רוח בוא גלה שכל ברר שפה אלהים = $86 + 385 + 402 + 350 + 38 + 9 + 214 + 404 + 120 = 2008$.

Not only does the numerical value for this statement identify the year in which understanding was revealed, but there is additional truth found within the words. The numerical value for "**the appointed time the Holy Spirit shall come to reveal understanding,**" is **1135**. One Greek word of this value confirms the truth regarding the one to whom understanding is revealed. The word is ἄδωτοι which means "**unlearned, a writer of prose as opposed to a poet, ILLITERATE.**" The revelation has been given to me, and I am illiterate in regard to Hebrew and Greek.

Still more evidence to prove that 2008 is the year that God ordained the understanding of His pure language was to be revealed can be found in the following.

Knowledge of the pure language = דעת ברר שפה = $385 + 402 + 474 = 1261$.

The year two thousand eight = שנה שנים אלף שמנה = $395 + 111 + 400 + 355 = 1261$.

What is the revelation that gives understanding of the pure language of God? The answer is simple.

The pure language of God = בַּרְר שְׁפָה אֱלֹהִים = 86 + 385 + 402 = 873.

God said, enumerate the words and add = סֵפֶר דְּבַר יִסְף = 150 + 206 + 340 + 91 + 86 = 873.

Enumerate the words and add for understanding of the language of God = סֵפֶר דְּבַר יִסְף בִּינָה שְׁפָה אֱלֹהִים = 86 + 385 + 67 + 150 + 206 + 340 = 1234.

Two Greek words with a value of **1234** confirm the truth of the statement. The words are: γλωσσα which means “tongue, **language or dialect** (a different spelling of the same word noted earlier with a value of 1284), and θεωρειτε which means “**see, perceive, see mentally.**”

Both the truth of the time ordained for a revelation of understanding the pure language of God, and the nature of the revelation is demonstrated in the following.

Understanding of the pure language shall come in the year two thousand eight = בִּינָה בַּרְר שְׁפָה בּוֹא שְׁנָה שְׁנַיִם אֶלֶף שְׁמֹנֶה = 395 + 111 + 400 + 355 + 9 + 385 + 402 + 67 = 2124.

There are only three Greek words with a value of **2124**. One word means “**exalt,**” another means “**have fellowship with, or communicate with.**” The second word could certainly be considered as being associated with the Holy Spirit communicating the revelation. However, the final word of the three leaves no doubt as to the proof of the numerical value of words being the basis of understanding the pure language. The word is συνεψηφισαν which means “**COUNT, TO COMPUTE.**” I had no idea that the words I used to compose the sentence describing the revelation of understanding the pure language in the year 2008 would have the value which was calculated, and I certainly was unaware of what words might have that value. I defy anyone to claim that the end result of this computation is mere coincidence.

By creating sentences which use the words for “add,” “count,” and “interpret,” the proof that God ordained from the beginning to reveal the numerical value of words as the way to reveal His truth can be demonstrated. The initial evidence comes from a simple phrase describing what gematria entails.

Enumerate the words and add = סֵפֶר דְּבַר יִסְף = 150 + 206 + 340 = 696.

A Hebrew word with the gematria value of **696** is one which indicates the end result obtained from adding the number of the words. The word is וַיִּפְתֹּר, which means: **INTERPRET or INTERPRETATION.** A Greek word is of interest, and that word is ηγουεον which has several meanings such as: think, esteem, have authority over. However, the first word listed in its definition is “**COUNT.**” By adding or counting the number of the numerical value associated with words, the written Word of God can be interpreted.

When one of the words for “count” is used along with a different root word for “number” further insight is given.

Count the number of words = מִנָּה מִסְפֵּר דְּבַר = 206 + 380 + 95 = 681.

Words in both Hebrew and Greek with a value of **681** which have an association with interpreting the pure language include: כְּאִמְרַתְךָ with a definition of - **word, commandment,**

utterance, Word of God – the Torah; סְתֵרָה which means - **hide, secret, to conceal;** κερυμμενα which also means - **hide, keep secret, conceal;** προκατηγγειλαν with a definition of - **show before, foretell (of prophecies)**. By counting the number of words, the secrets hidden in the Word of God, the hidden prophecies, are revealed.

There are some other words with a value of 681 which are not as directly associated, but one word in particular indicates to me that God knew in advance that I would learn to use the numerical value of words to understand prophecy, and that word is ιατρος, the Greek word for **doctor**. This is the second time in which a word meaning doctor has turned up. The first was in relation to the numerical value for “understanding of the pure language of God,” and now it is in relation to the revelation which I received concerning the way to understand God’s pure language by counting the number of the words. Could this be merely by chance?

Now, by adding two words to the above we have:

Count the number of words to reveal all (everything) = מנה מספר דבר גלה כל = 50 + 38 + 206 + 380 + 95 = 769.

Several words having the value of **769** demonstrate again how the total numerical value of a statement is confirmed by single words with that same value. The words with a gematria value of 769 and having a direct correlation with the above statement are: φανης which means – appear, **bring forth into the light, become evident, to become clear or manifest;** φρονημα with the meaning of – **mind, what one has in the mind – the thoughts and purposes;** θεμελιους with a definition of – **foundation, institution or system of truth;** γραφομεν which means – **write, to write with reference to the contents of the writing, used of those things which are written in the sacred books;** and finally, αγνοουμενοι meaning – **be ignorant, understand not.**

By counting the number of words written in the Holy Scripture everything is revealed just as Jesus said it would be: *For nothing is secret, that shall not be made manifest; neither anything hid that shall not be known and come abroad.* Luke 8: 17. The thoughts and purposes of God are brought into the light and made manifest. The foundation of God’s truth is made known to those who are ignorant of His system of truth. One must be careful how gematria is used, however, as Paul cautioned: *According to the grace of God which is given unto me, as a wise masterbuilder, I have laid the foundation, and another buildeth thereon. But let every man take heed how he buildeth thereupon. For other foundation can no man lay than that is laid, which is Jesus Christ.* 1Corinthians 3: 10-11. **Only the foundation which has been established by Jesus Christ can be built upon using the numerical value of words.**

If the Hebrew word for “truth,” אמת, with a value of **441** is added to the last sentence evaluated, the statement becomes: **Count the number of the words to reveal all truth.** The total gematria value is now **1210**. There are several words of the value **1210** which are significant. Those words are: שפתהיך with meanings of – lip, **language;** επεγνωσθην which means – **know, to know thoroughly, to perceive;** αναγνωτε with a definition of – **read, to know accurately;** μωρος which means – **foolish, foolishness.** By counting the number of words the pure language reveals everything so that man will know thoroughly and accurately. Natural man thinks the truth which is spiritually discerned is foolishness: *But the natural man*

receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned. 1Corinthians 2: 14. The truth found in the numerical value of words continues to be proven.

Finally, if the word for “**Scripture**,” כְּתוּב, which has a gematria value of **422** is added, then the statement becomes: **Count the number of the words to reveal all truth of Scripture.** The total numerical value is now **1632**. There are only two words which have that value, χαλασσω and φωτιζει. The first word means – **let down from a higher place to a lower**, and the second word means – **give light, bring to light, enlighten, render evident, imbue with saving knowledge, give understanding to.** By counting the numbers of the words, the pure language of God, which has been let down from a higher place gives enlightenment and understanding and will imbue man with saving knowledge.

The appointed time that God ordained to reveal the way to interpret Scripture can be seen in the following:

In two thousand eight the Lord shall make known the way = שְׁנַיִם אֶלֶף שְׁמֹנֶה יְהוָה יִדְעַ = דְּרָךְ = 224 + 84 + 26 + 395 + 111 + 400 = **1240**.

There is only one Hebrew word having a value of **1240**, and that is תְּשַׁפְּתֵנִי, and this word means – set, **ordain**, establish. The first Greek word listed with this value is ψηφισει. Amazingly enough, the meaning of this word is – **COUNT, TO COMPUTE, CALCULATE.** There was no way I could have known what numerical value would arise from the statement I created, and certainly not the words that would be found with that value. As will be seen throughout this book, this type of remarkable correlation with respect to the numerical value of words is the rule and not the exception.

Evidence has been presented to confirm the nature of the pure language of God through statements regarding adding and counting the numbers of words. God planned from the beginning that man would one day use the pure language to interpret His written word so that all secrets might be revealed. Gematria confirms this.

The language of God given unto man to interpret = שִׁפְהָ אֱלֹהִים נָתַן אֶל אָדָם פִּתְרָ = 680 + 45 + 31 + 500 + 86 + 385 = **1727**.

To the skeptical reader it may seem unlikely, but this numerical value and the word associated with it was found completely by accident as I was attempting to arrange words to reach another value. The only word having the value of **1727** is διερμηνευετω, and amazingly the word means “**INTERPRET.**” The statistical possibility of this occurring would be immeasurable.

The same truth can be proven in several different combinations of words which make similar statements.

The way to interpret Holy Scripture = דְּרָךְ פִּתְרָ קִדְשׁ כְּתוּב = 422 + 404 + 680 + 224 = **1730**.

INTERPRETATION = επιλυσεως = **1730**.

It shall be revealed unto man the way to interpret Scripture = גלה אל אדם דרך פתח = כתיב = 422 + 680 + 224 + 45 + 31 + 38 = 1440.

Wise, skilled in letters (of Jewish theologians or Christian teachers) = σοφους = 1440.

The Holy Spirit shall reveal the way to interpret = קדש רוח גלה דרך פתח = 680 + 224 + 38 + 214 + 404 = 1560.

Two Greek words with a value of **1560** have a direct association with this statement. The words are: τελειωσις which means – performance, **perfection, fulfillment, the event which verifies the promise**; and σεσοφισμενοις defined as – **make wise, become wise, to devise cleverly or cunningly**. The revelation of the way to interpret the perfect language of God is the fulfillment of the promise that all secrets would be revealed, and it makes wise those who understand the cleverly devised language of numbers.

If the words for “**the Word of God,**” דבר אלהים, with a value of $86 + 206 = 292$ are added to the above statement, then it becomes: **The Holy Spirit shall reveal the way to interpret the Word of God.** The gematria value is now **1852**. One of the two words of this value is: παφανερωται which means – **MAKE MANIFEST, make manifest that which was hidden or unknown**. Just as Jesus promised “nothing is secret that shall not be made manifest, neither anything hid that shall not be made known.”

Instead of adding “the Word of God,” if one adds the word for “**Scripture,**” כתיב, with a value of **422**, then the statement becomes: **The Holy Spirit shall reveal the way to interpret Scripture.** The total value is now **1982** and there is only one word of that value. That word is πληροφρορεισθω, which means – **be fully persuaded, be most surely believed, be fully known, make full proof of, to make one certain, convince one**. The revelation of the way to interpret Scripture based upon the numerical value of words is the way to convince those who need proof of the divine nature of Scripture.

The secret which has been made manifest is the way to interpret Scripture by using the numerical value of words which is the pure language of God. This is proven by using that pure language.

The Lord God shall reveal unto man the way to interpret = יהוה אלהים גלה אל אדם דרך פתח = 680 + 224 + 45 + 31 + 38 + 86 + 26 = 1130.

For understanding of the pure language the interpreter shall add = בינה ברר שפה לויך = יסף = 150 + 126 + 385 + 402 + 67 = 1130.

INTERPRETER = διερμηνευτης = 1130.

There is further truth to be found in regard to the revelation of the secret which is now made manifest. The way to interpret Scripture has been ordained to occur at a specific time.

It shall be made known the way to interpret Scripture at the appointed time = ידע דרך מועד פתח = 120 + 422 + 680 + 224 + 84 = 1530.

Last days = εσχατος ημερα = 1376 + 154 = 1530.

The numbers reveal that the revelation is to come in the last days. In Scripture it tells us that the prophecy of the end is to be sealed until the appointed time: *But thou, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased.* Daniel 12: 4. In Revelation there are two verses which speak of a seal on the prophecy which seem to be contradictory: *...I heard a voice from heaven saying unto me, Seal up those things the seven thunders uttered, and write them not.* Revelation 10: 4. *And he saith unto me, Seal not the sayings of the prophecy of this book: for the time is at hand.* Revelation 22: 10. The last verse seems to indicate that when the time is at hand the seal is to be broken. That time has come, and the way to interpret all truth has been revealed, and the prophecy is no longer sealed.

Interpret the prophecy of Holy Scripture = פתַר נבואָה קדשׁ כתב = 422 + 404 + 64 + 680 = 1570.

Four Greek words, each with a value of **1570**, are closely associated with the above sentence. The words are: ἀναγινωσκόμενος, which means – **read, to know accurately**; ἐπιστηρίζων, the word for “**confirm**”; φρονων, which means – **think, have understanding, be wise**. The last of the four words goes along with the passages of Scripture concerning a seal on the book. That word is σφραγισαντες, and the meaning of the word is “**seal, seal up, set a seal upon, hide, keep secret.**” If one considers the results of this gematria discovery simply a coincidence, then examine the next numerical proof.

In the last days the way to interpret the Word of God shall be revealed = אַחַרְיֵית יוֹם דֶּרֶךְ פתַר דְּבַר אֱלֹהִים גְּלוּה = 38 + 86 + 206 + 680 + 224 + 56 + 619 = 1909.

There is only one word having the value of **1909**, and that word is σφραγισωμεν, an alternate spelling of the word found for the value of 1570. As noted, this Greek word means – **seal, set a seal, to hide, keep secret, to confirm, authenticate, place beyond doubt**. No doubt can remain that the seal on the book of prophecy regarding the end of time has now been broken, as the time is at hand.

It shall be made known unto man the way to interpret Scripture = ידַע אֶל אָדָם דֶּרֶךְ פתַר כתב = 422 + 680 + 224 + 45 + 31 + 84 = 1486.

Two Greek words with a value of **1486** are cogent to the idea of receiving a revelation. The first word is φανερουντι. This is an alternate spelling for the root word that means – **make manifest, make manifest or visible or known what has been hidden or unknown, to make known**. The other word is one which at first did not seem to be associated in any way with a revelation of the end, but then I looked in the Book of Revelation. In chapter one John describes the voice of Jesus as he gave the revelation regarding the seven churches: *I was in the Spirit on the Lord’s day, and heard behind me a great voice, as of a trumpet; I am the Alpha and Omega, the first and the last: and what thou seest, write in a book, and send it to the seven churches... And I turned to see the voice that spake to me.... and his voice as the sound of many waters.* Revelation 1: 10-12, 15. The Greek word which has the value of 1486 is ηχουσης. The meaning of this word is “**roaring, sounding, used of the roaring of the sea.**” Just as Jesus gave the revelation to John with the voice as the sound of the roaring of the sea, He is now giving a revelation with the same voice regarding the way to interpret Scripture.

The following statement regarding the use of the pure language to interpret Scripture results in a numerical value of a word associated with the end time prophecy.

The pure language shall be revealed and all shall be interpreted = ברר שפה גלה כל פתח =
= 680 + 50 + 38 + 385 + 402 = **1555**.

There is a Greek word with a value of **1555** which again brings us back to the idea of a seal on the book of prophecy. The word is κατασφραγισμενον, which means – **seal, to cover with a seal, close up, close with a seal**. The seal on the book of prophecy has been broken and the way to interpret Scripture through the pure language of God has been made known so that all truth shall be revealed. When one adds the word for **truth**, אמת, with a value of **441**, then the sentence becomes: **The pure language shall be revealed and all truth shall be interpreted**, with a gematria value of **1996**. One of the three words having this value is πεπληροφορημενων, and this word means – **be fully persuaded, be most surely believed, be fully known, make full proof of, carry through to the end**. The proof shown through the interpretation of Scripture using the numerical value of words should cause those who previously have rejected Biblical truth as being no more than myths arising from the minds of men, to be fully persuaded.

The pure language of God is the way in which God ordained from the beginning that truth should be revealed.

God shall make a pure language to reveal truth = אלהים עשה ברר שפה גלה אמת =
441 + 38 + 385 + 402 + 375 + 86 = **1727**.

The way that the pure language reveals truth is confirmed by the only word which has a value of **1727**: διερμηνευετω which means – **INTERPRET, BY INTERPRETATION, TO UNFOLD THE MEANING OF WHAT IS SAID, TO TRANSLATE INTO ONE'S NATIVE LANGUAGE**. There can be no better explanation as to the way the pure language reveals truth. It is the way to interpret the Word of God which was given directly to the writers of Scripture.

It has been noted that the way to interpret Holy Scripture shall be revealed in the last days. Previously it was shown that understanding of the pure language of God would come in 2008. Gematria demonstrates that the way to interpret Scripture was ordained to occur in the same year.

In two thousand eight, interpret Scripture = שנים אלף שמנה פתח כתב = 422 + 680 +
395 + 111 + 400 = **2008**.

God shall reveal and make known the secret way to interpret Holy Scripture = אלהים גלה
כתב סוד דרך פתח קדש כתב = 422 + 404 + 680 + 224 + 70 + 84 + 38 + 86 = **2008**.

In the last days the Father shall make known the way to interpret every Word of God =
אלהים דבר כל דבר פתח דרך פתח יום אב ידע דרך פתח כל דבר אלהים = 86 + 206 + 50 + 680 + 224 + 84 + 3 +
56 + 619 = **2008**.

Why has God ordained this time to be that which the secret of His pure language is to be made known? The Scriptures state that the book of prophecy was to be kept sealed until the time of

the end. In Revelation, Jesus said “*Seal not the sayings of the prophecy of this book: for the time is at hand.*” We are in the last days, and all truth is now to be made known. Paraphrasing the words from Zephaniah 3: 9, and showing that the Hebrew language was intended to reveal all truth, and to warn that the end is near, it can again be proven at what time God will reveal His pure language.

God shall turn to the people of Israel a pure language: it shall reveal the appointed time of the end = אֱלֹהִים הַפֶּךְ אֵל עַם יִשְׂרָאֵל בְּרַר שִׁפְהָ גְלָהּ מִוְעַד קֵץ = 190 + 120 + 38 + 385 + 402 + 541 + 110 + 31 + 105 + 86 = **2008**.

In the year 2008 I received a revelation not only in regard to the way that the pure language of God can be used to prove Biblical inerrancy, but also a revelation concerning the time of the end. The astounding numerical evidence will be presented, and when added to the greater than 200 gematria proofs given in my previous book, Day of the Lord, there can be no doubt that this revelation is not of my own invention, but truth made known through the power of the Holy Spirit.
